

# COMMISSIONERS OF OXFORD

## OXFORD, MARYLAND 21654

October 26, 1979

Mrs. John E. Jackson  
Otwell  
Oxford, Maryland 21654

Dear Mrs. Jackson:

We wish to thank you for expressing an interest in the possibility of our utilizing the Oxford School as a Town Hall and Community Center where all Town affairs could be concentrated.

For the past two years the Commissioners have shared these same views; but after careful consideration found that the cost of renovating and repairing, plus the cost of maintenance, fuel and utilities to be excessive and unreasonable.

It is our considered opinion that the Commissioners first duty is to the taxpayers of Oxford and the undertaking of such an expensive project would not be in their best interests.

Therefore, we reluctantly abandon our previous ideas of utilizing the school as a community center.

Your interest in the Town and the Townspeople is greatly appreciated.

Sincerely,

COMMISSIONERS OF OXFORD

  
Emory L. Balderson  
President
